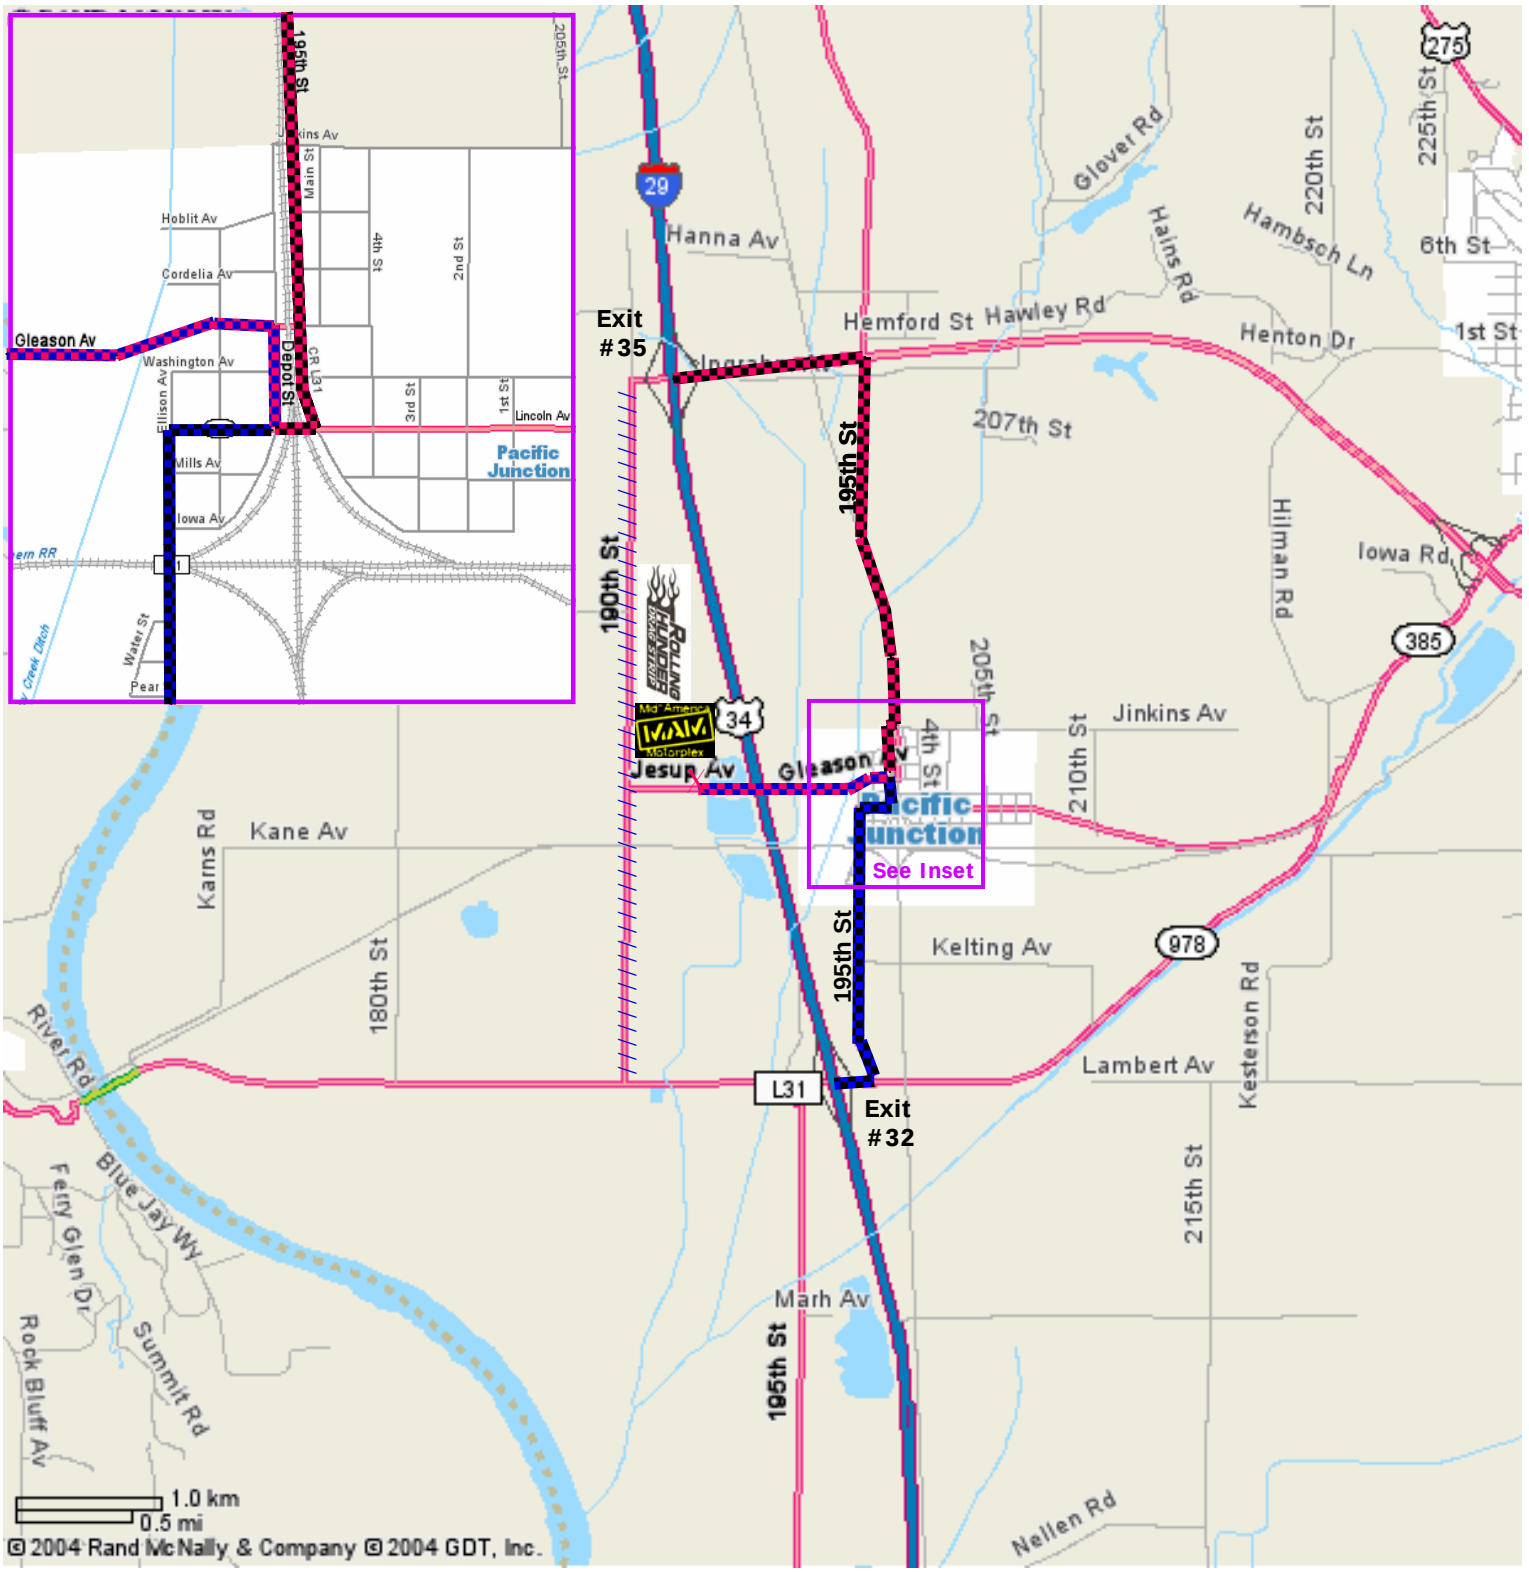
Mid-America Motorplex
Including Rolling Thunder Drag Strip

While 190th Street is getting paved (YEAH!) Here are alternative routes to our facility. If you take the Glenwood Exit #35, turn East onto Ingrahm Av, right on 195th (L31), right at Jinkins Av (the road turns left after the railroad tracks), right on Gleason Av, continue out of town and under I-29 to the track.


If you are trailering your race car, the best route to take is the Pacific Junction Exit #32 on I-29, drive East on 978, left on 195th St (L31), right on Mills Av (385), left on Depot St, left at Gleason Av, continue out of town and under I-29 to the track
